**Subject:** RE: Urgent Request for SAT Phones for Haitian Government

GSI can provide 4 Globalstar phones. Because of limitations in that system 7 by 24 service cannot be guaranteed. These are mobile SAT phones.

Dear Regenie,  
Thanks. Some of the requests have been met and we will deal with as many as possible when I get to Haiti. I will keep you informed.  
Regards  
Philip

**Subject:** Urgent Request for SAT Phones for Haitian Government

Dear GVF Members,

With further regard to our ongoing efforts to facilitate recovery efforts in Haiti, the Haitian Ambassador to the UN, is in urgent need of 5 satellite phones for the President, Prime Minister, Minister for the Interior, the Chief of Police, and the Haitian Ambassador to the UN. Communications are severely limited and their ability to talk to each other as well as to coordinating agencies is severely compromised. If your company could help the Haitian government with this, literally it may be possible to help save thousands.
