

Novatech2005: Investment Meeting: new opportunities in ICTs and e-business

Santo Domingo, Dominican Republic –25-27 October 2005

Dear Sir/Madam,

We are pleased to inform you of the organisation of **Novatech 2005 - New Opportunities for Investors with advanced Technologies** – to be held in St Domingo (DR) in Oct. 25th to 27th, 2005.

This EU-funded Investment Partnership Meeting will enable all participants to:

- stand apart from the competition thanks to a selective and qualitative approach that will establish them as major players in a globalised market
- anticipate demand in their new target markets thus obtaining access to qualified business opportunities (niche markets, new growth market segments, networks of reliable entrepreneurs, viable projects, etc.)
- meet international decision-makers in ICT and e-business services and present their projects
- get acquainted with international financial institutions, especially those in Europe, likely to fund major projects

Novatech 2005 is not only a forum but also the culmination of a partnering process in which companies and investors will learn to know each other better in order to create genuine business opportunities.

We invite you to visit our website : <http://www.novatech-proinvest-eu.org> where you will find more information about Novatech and to leave your e-mail to receive the *Novatech Newsletter*.

You will also have the opportunity to register freely to the Novatech event and to provide more information about your company, the business you develop and the type of partners you would be interested to meet with the objective to develop partnerships during Novatech.

Please feel free to request any further information by contacting the members of Novatech Team in the Caribbean Region:
Julian Robinson (julianrobinson@yahoo.com) in the English-speaking countries,
Yacine Khelladi (yacine@yacine.net) in the French/Spanish/Dutch speaking countries or Olivier Stintzy (olivierst@gmail.com) Network Coordinator in the Novatech Core Team in Paris.

We hope to see you at Novatech 2005 !
