

## **CANTO Internship Opportunities**

Most tertiary level students are required to complete an appropriate and approved internship before graduating. At CANTO, we provide students with such an opportunity.

The internship is a structured work experience that must have demonstrated educational value. Student-interns will gain supervised, practical experience while working outside the classroom in a professional setting. The CANTO Internship Program will provide University Students in CANTO Member Countries an opportunity to work on special projects at the Secretariat Headquarters in Port of Spain Trinidad.

We welcome students who major in Telecommunications, Communications, Business and all other related fields. We hope you will find your intern experience at CANTO an educational and exciting one as you enter the world of work.

For further information please contact Regenie Fraser (Secretary General) at [rfraser@canto.org](mailto:rfraser@canto.org) or Teresa Wankin (Operations and HR Manager) at [twankin@canto.org](mailto:twankin@canto.org).
