

A black and white photograph of a stone archway leading to a street scene. The archway is made of rough-hewn stones and is partially covered by vines on the left. Through the arch, a street is visible with a white car and a building with a 'SALE' sign. The overall scene is in grayscale, with a semi-transparent dark band across the middle where the text is located. In the top right corner, there is a decorative graphic consisting of a vertical line of circles and a partial blue circle.
